

Initial Line Training A320

*You have completed your flying training and you are in possession of a ICAO ATPL.
Then your goal is to fly! Here is the occasion for you.*

The first job in Aviation Industrie is the most difficult one. We help you to start building hours with a reliable Airline Partner. After a screening you will rapidly start to fly with one of our experienced Airbus A320 TRIs. The contract will allow you to built a solid experience of 500 hours on type with a subsequent employment contract. This is a unique opportunity for candidates who are willing to invest into their future career. The costs of 50.000\$US reflect the effort and professionalism of Planetair.
