THE PASSION CONTINUES AND YOUR DREAM IS COMING TRUE

➤ INTRODUCTION

Sky4u is solely offering contact to agencies worldwide providing Line Training Programs, we must ultimately make clear that we are not acting as direct employer for any PAY-2-FLY program.

➤ SOLUTION

We deeply regret the latest developments in the fields of aviation that young pilots with no or low hours have to pay their way into the right hand seat instead of being rewarded for their efforts and commitments. But we would like to state that we only cooperate with trusted agencies that have proven to be able to deliver what has been promised. All responsibility lies within the agreement to be signed by both parties, the applicant and the respective agency.

➤ APPROACH

We screen and assess, evaluate suitable candidates and hand out recommendations only.
