Ref. / Betr.: Company Reference

Germania Fluggesellschaft mbH takes great pleasure in providing a reference for Cockpit4u Aviation Service GmbH, a Type Rating Training Organization that are extremely professional and competent in their field of expertise.

I personally have worked with Cockpit4u for many years both in my role as Post Holder Training and Type Rating Examiner. During this time I have found that the standard of approach, assistance and skill level within the company is excellent.

Dennis Pilz needs to be congratulated on what he has created, a solid training organization that can be relied on at all times to provide excellent training services.

At the end of a training project the results speak for themselves.

I highly recommend them to any client or other airline as 100% reliable Type Rating Training Organization.

Kind regards

Germania Fluggesellschaft mbH  
Postholder Training

i.A. Jost Hauguth
